

# Danubama<sup>®</sup> Coconut Milk Powder

**Seawit**

Make human beings healthier

Danubama<sup>®</sup> coconut milk powder, using frozen coconut milk and virgin coconut oil as the main materials, processed by low-temperature spraying drying and secondary spraying embedding granulation technology, has good instant solubility, retains the nutrients of fresh coconuts, rich of pure natural coconut fragrant flavor.

## Product Nutrition

- Contains polysaccharides, fat, protein;
- Rich in minerals as potassium and magnesium etc.;
- Rich in medium chain fatty acids, can provide energy quickly and reduce fat accumulation

## Application Fields

- Baked goods, pastries, biscuits
  - Solid drinks, coffee, milk tea
  - Breakfast milk, various coconut milk, morning tea, coffee
  - Drink directly
- heavy-flavor type: 50g and 150ml water for drinking  
Fresh fragrance type: 50g and 300ml water for drinking

## Name and Specification

## Main Ingredients

## Oil Content/Main Substance Content

65% Coconut Juice Powder SDFB

Coconut juice, virgin coconut oil, casein, isomalt oligosaccharide, potassium citrate

62-66%

50% Coconut Juice Powder B01

Coconut juice, virgin coconut oil, maltodextrin, casein, potassium citrate, dipotassium hydrogen phosphate

48-52%

## Appearance

Uniform white or light yellow fluid powder with good dispersibility.

## Advantages

Seawit proprietary food safety control technology, world-leading quality; shelf life up to 2 years, good flavor.

## Packaging

20Kg/bag; inner bag composite PE bag, outer bag kraft paper bag.

## Danubama® Coconut Juice Powder Advantages

- **Globally Leading Visibility Analysis and Detection Technology**
- **Global First-class Equipment Level and Technology**
  - > Submicron scale emulsification and embedding
  - > Low-temperature spraying drying and secondary spraying embedding
  - > The most advanced GEA-NIRO completed equipment
- **Globally Leading Food Safety Control Technology**
  - > Most advanced hazardous by-product control technology
  - > Controlled and eliminated technology for polluted hazards

## Control Index of Hazards

Test Items	Technical Requirement
Benzopyrene ug/kg	≤10
Aflatoxin B1 ug/kg	≤10

## Control Index of Microorganism

Test Items	Technical Requirement
Total Plate Count CFU/g	≤1000
Coliforms CFU/g	≤10
Yeast CFU/g	≤20
Molds CFU/g	≤20

## Control Index of Heavy Metal

Test Items	Technical Requirement
Arsenic mg/kg	≤0.1
Lead mg/kg	≤0.02

### Seawit healthy food service system

Long-chain polyunsaturated fatty acids, DHA, ARA, EPA  
 Functional structural lipid : MCT, MLCT, CLA, OPO/OPL  
 Special purpose vegetable oils  
 Healthy food solution service: OEM, ODM
